

MoorMan's® ShowTec® Goat Sale Prep DC Medicated

Product Number
81072AZN

A Complete Grain Mix for Young Goats

Product Positioning

MoorMan's ShowTec Goat Sale Prep DC, in mini-pellet form, is designed to meet the unique needs of very young, growing and blooming show goats. It is nutritionally balanced with the precise combination of vitamins, minerals, and ingredients to feed genetically superior show goats. **MoorMan's ShowTec Goat Sale Prep is a nutritionally balanced goat creep feed designed to be fed for peak performance and bloom from one week of age to weaning (or to 45 lb body weight).**

Features

Provides 18% protein, 5% fat, and 15% fiber
Nutritionally balanced
Multiple high-quality protein sources
Properly fortified with minerals and vitamins including complexed (organic) cobalt, copper, manganese, and zinc
Highly palatable formula
Minimum 2:1 calcium to phosphorus ratio

CitriStim®

Prospanse® yeast

Direct fed microbial

Stabilized rice bran

Natural-source vitamin E

Medicated with Deccox®* (decoquinate)

Mini-pellet form

Benefits

Promotes fast, efficient lean gain in young, growing show goats.

Optimal growth and performance.

Optimal, efficient gains.

Optimal growth and structural development; complexed zinc has been shown to have a positive impact on hoof health and immune response.

Stimulates feed intake.

Helps lessen the likelihood of urinary calculi in male goats by ensuring a proper calcium/phosphorus ratio.

An ADM proprietary feed ingredient, which is a source of yeast mannans and beta glucans that may favorably impact the gut microbial population.

Provides essential micronutrients to enhance feed palatability and maximize digestion.

Enables more efficient metabolism of nutrients from the gastrointestinal tract, resulting in better utilization of the entire ration.

Provides rice oil (energy source), gamma oryzanol (potent antioxidant), and Omega 3 fatty acids (essential fatty acids).

Research shows natural-source vitamin E has more potent antioxidant activity compared to synthetic vitamin E; antioxidant properties counteract harmful free radicals produced within the body; helps maintain cell membrane and tissue integrity; needed for proper functioning of the immune system.

Prevention of coccidiosis in young goats.

Encourages consumption for faster gain and more efficient feeding; smaller pellet is easier for young goats to consume.

*Not a trademark of ADM.

NOTE: Available in limited distribution areas.

Product Form

Mini-pellet form, 50 lb bag

Guaranteed Analysis

Crude Protein, min.	18.0%
(This includes not more than 2% equivalent crude protein from non-protein nitrogen.)	
Crude Fat, min.	5.0%
Crude Fiber, max.	15.0%
Calcium (Ca), min.	0.9%
Calcium (Ca), max.	1.4%
Phosphorus (P), min.	0.35%
Salt (NaCl), min.	0.75%
Salt (NaCl), max.	1.25%
Copper (Cu), min.	27 ppm
Copper (Cu), max.	33 ppm
Selenium (Se), min.	0.3 ppm
Vitamin A, min.	10,000 IU/lb

Ingredients

Processed Grain By-Products, Roughage Products, Forage Products, Grain Products, Plant Protein Products, Animal Protein Products, Animal Fat, BHT (A Preservative), Calcium Carbonate, Salt, Ammonium Chloride, Lignin Sulfonate, Vegetable Oil, Propionic Acid (A Preservative), Thiamine Mononitrate, Lactobacillus Acidophilus Fermentation Product Dehydrated, Lactobacillus Casei Fermentation Product Dehydrated, Bifidobacterium Thermophilum Fermentation Product Dehydrated, Enterococcus Faecium Fermentation Product Dehydrated, Vitamin A Supplement, Vitamin D₃ Supplement, dl-alpha Tocopheryl Acetate, d-alpha Tocopheryl Acetate, Menadione Sodium Bisulfite Complex, Riboflavin Supplement, Niacin Supplement, d-Calcium Pantothenate, Thiamine Mononitrate, Vitamin B₁₂, Biotin, Pyridoxine Hydrochloride, Folic Acid, Magnesium Oxide, Cobalt Carbonate, Copper Sulfate, Calcium Iodate, Manganous Oxide, Manganese Sulfate, Zinc Oxide, Zinc Sulfate, Calcium Sulfate, Mineral Oil, Extracted Citric Acid Presscake, Sodium Selenite, Natural and Artificial Flavors, Diatomaceous Earth, Amorphous Silicon Dioxide, Citric Acid, Soybean Oil, Ethoxyquin, Butylated Hydroxytoluene, Phosphoric Acid, Butylated Hydroxyanisole, Vegetable Mono- and Diglycerides, Zinc Methionine Complex, Manganese Methionine Complex, Copper Lysine Complex, Cobalt Glucoheptonate.

For the prevention of coccidiosis in young goats caused by *Eimeria christenseni* and *Eimeria ninakohlyakimovae*.

Active Drug Ingredient

Decoquinatate 0.0015% (6.82 mg/lb)

Instructions for Feeding

Feed this product to starter goats from birth to 45 lb at the rate of 3.33 lb per 100 lb of body weight to provide 22.7 mg decoquinatate per 100 lb body weight. Feed for at least 28 days during periods of exposure to coccidiosis or when experience indicates it is likely to be a hazard. Make sure goats have access to clean, fresh water and high-quality forage at all times.

WARNING: Do not feed to goats producing milk for food. This feed contains copper. Do not feed to sheep or other copper sensitive species. Angora and pygmy breeds have been reported to be sensitive to copper supplementation. Do not use in feeds containing bentonite. This feed contains a source of non-protein nitrogen. The equivalent protein supplied by non-protein nitrogen should not exceed $\frac{1}{3}$ of the crude protein of the total ration. Use only as directed.
